Cast Maxo represents today the flagship model of our production. It is produced in two watercooled versions of 57HP diesel engine which they differ in the speed system. A very powerful and robust machine, suitable for multiple applications, above all in agriculture and construction. All models can be supplied with heated cabin and air conditioning. The 11- function joystick is standard for all Maxo models and is available in ergonomic version as an option.

WORK LIGHTS

High power led work lights.

ROAD LIGHTS

Approved road lights, built with shockproof and anti-wear material.

HOOD

Thermoformed and soundproofed rear hood, with large air vents.

ALL BLACK EDITION

Maxo All Black Edition is available as an option on all models of the Cast Maxo line. The sablè finish painting is anti-scratch and oil resistant.

Cast Maxo dresses in dark. The All Black Edition version represents the top range and its anthracite gray color with a matte finish of the sablè type, gives a very aggressive look, making it aesthetically very pleasant but especially more resistant to the atmospheric agents, scratches and contact with oils and fuels.

A version for the demanding professional who loves to stand out with a very captivating machine with an undisputed personality.
